PIZZA GATE - PART 7 - THE UNDERGROUND REPORT

James McDaniel.

James McDaniel set up a news website, *The Underground Report: Real News*, which very quickly received more than one million views.

James published a story about 'a Wikileaks email' in which "Hillary Clinton urged Obama to restrict his child abuse to 'the pizza arrangement'".

From James's site

James's site attracted Trump supporters who believed that Obama had been plotting a coup from a secret bunker near the White House.

James alleged that actress Whoopi Goldberg had said [Caryn Owens](#), the widow of a dead US serviceman, had been 'just looking for attention' when she attended Donald Trump's speech to Congress.

From James's site

Trump supporters believed James's stories.

James then decided to come clean.

James wrote: **'Trump supporters.'**

James explained that his stories were fake.

James explained that the stories were intended to be satire.

James wrote: "To my surprise, the Trump masses embraced my stories as fact, almost universally.

"It seemed that there wasn't anything I could write that was too wild or outrageous to be believed by this particular audience."

James wrote: "Some people even made youtube videos about the stories."

<http://terroronhetube.co.uk/2017/03/09/banned-by-amazon/>
Amazon has banned thousands of books that it was selling
the books were all giving a view of world wars that is alternative to mainstream.
it is believed a Jewish lobbying group got the books banned as they felt they were anti-Semitic
The books were banned in one go. with out explanation or contacting or warning the publishers or authors.
Look out for more book banning coming soon
