Choose Your Focus Wisely.

-

So often we forget how important is our choice of what to focus on here and now — where we are placing our energies, directed in what ways, at whom, to what ends, and with what consequences to the masterpiece at large — the whole enterprise, as it were — and our individual *place* in it.

Forgetting is easy when one keeps a remembering-device in the hand.

And *Oh, the things it can do!*

Let us conjecture for a moment that, not only does everything we do **affect** everything "*else*"; but we are, without much complaint, **Helping TRAIN ARTIFICIAL INTELLIGENCE to Read Our Energy Flows.** (for lack of a better term.) And we ask AI to MAKE SENSE of the data we constantly feed to it, with everything we do. We have largely digitized our lives, and we've begun to Give Up Control of Our Memories and Sense-Making Apparatus to Artificial Intelligence.

Doublethink the Information Big Brother Allows, or *Unpersoned* Ye Shall Be...

Some EXAMPLES Will Follow of How We Are TRAINING AI, and How AI Judges the Content of Our Posts, and How *Artificial Intelligence REPRESENTS* That Judgment of Our Posts in Artistic Ways...

ENJOY!

EGG ZACK LEE !!!

IT TRULY WAS ONE OF THE BEST THINGS THAT'S EVER HAPPENED IN MY LIFE !!!

I got to be friends with a couple judges, actually come to think of it, THREE judges

(I forgot about the white haired judge who shares a passion for small breasted blondes)

I was commissioned to paint two portraits by one of the judges

It ended up being an opportunity for me to network with the upper crust of society in that little city, and actually be accepted by them, the same way you fantasize about being accepted by Tucker Carlson

I was just in another thread sharing a 100% true story with my new friend (scrotum)

I was telling him about the time I pawned my best friend's extremely expensive outboard KORG synthesizer and sampler, and bought drugs with the money, because I was so psychologically addicted to high quality California methamphetamine back in the day....

IS THERE ANYTHING YOU WOULD LIKE TO CONTRIBUTE TO THE STORY?

Like maybe something about sharing syringes?

If you're on a computer, I would recommend a bootleg copy of photoshop, but that would embed malware onto your computer, so I'm not going to advise it...

Adobe flooded the internet with corrupted copies of Photoshop

They would love for you to install them

Not advisable...

And I don't really have mad skills, I'm actually just a goofy old man with a hobby

My hobby is seeing how fast I can throw together graphics, and I use a fabricated online persona of an abusive confrontational asshole.. that's my excuse for posting graphics

But it's really all about the graphics as far as I'm concerned

The abusive opinionated old asshole is just a character I developed back before Myspace

I'm actually a very nice guy in real life, overly polite, and overly considerate for everybody's feelings

If you have android, I would highly recommend an app called PicsArt

There are certain giraffes who might tell you PicsArt is not the way to go, but after those giraffes have played with the other applications, I assure you they will return back to picsart once again

You may have noticed I'm currently in the middle of a 365 day punishment session, paying somebody back for making vague ambiguous veiled threats of violence against me, claiming the election was stolen, accusing me of being a Democrat left wing liberal, and a failed attempt at intimidating me with mention

of an imaginary hypothetical civil war that white trash Trump supporters were threatening against people like me...

Today I decided to extend the 365 days to 547 DAYS !!!

And it's safe to assume I will be making another announcement declaring another extension in my campaign of punishment in the very near future!!!

But it's nothing personal because I'm punishing somebody that I love very much

So don't misinterpret my cruelty as being cruel

I'm simply pushing him into losing self-control again, because I want him to jump on his shitty ass motorcycle and drive his toothpick ass down to Atlanta and beat my ass

That way I can come kiss him on the forehead in the emergency room when I get done with him

Okay.... What the fuck, right?....

Let's just go ahead and get it over with right now...

TWO YEARS™

UNLESS YOU ADMIT YOU REALIZE YOU HAD NO REAL EVIDENCE IN YOUR LIVING ROOM, AND YOU HAVE BEEN PROVEN WRONG ABOUT A STOLEN ELECTION, I'M GOING TO STRETCH IT OUT FOR 2 YEARS

(And of course you realize it's actually going to be 3 years)

Every.. single.. day.. for the next 3 years

By the way, I would highly recommend a ballpoint pen and a sheet of notebook paper

Don't even think

Totally disconnect your conscious mind from your hand

Don't even look at the paper

Just allow your wrist to loosen up and feel the fluidity of the ocean undulating in your hand

Whatever the ballpoint pen leaves on the paper, don't even look at it...

Look the other way as you crumple the paper up and throw it in the garbage can...

Now do that same process again

Again, after drawing a picture you've never seen, look the other way as you crumple it up and throw it in the garbage can...

On the EIGHTH drawing, look at it (when it's finished, not before it's finished)

After the 8th 'connecting to your universal fluidity' dojo session, THEN begin looking at the paper while you repeat the process eight more times

On your 16th attack.....

DRAW AN EYE....

It doesn't have to be perfect, but it will be the best eye you have ever drawn in your life

DO NOTTHINK

Remember the fluidity of the universe is available in your wrist and hand, and your mind is no longer attached

Completely disconnect from what's happening on the paper

It doesn't matter if it's good or bad because this is about learning to let go, disconnecting your mind from your hand, and allowing the universe to do the artwork for you

The artwork will create itself

You are the car, the vehicle the universe will drive in when it creates the art

And your hand is the where the rubber meets the road

Just don't think while you're doing it

Think about something else and just let your hand get used to flowing where the universe wants it to flow

When the universe wants a curve, allow your hand to take direction from the universe

When the universe wants angles, learn to let go and your hand will take direction from the instructor, The ether of the cosmos

When the universe wants shadows, your hand will know what to do

Repeat this process all the time like you have OCD...

It doesn't matter how many sketch pads you burn through and throw away afterwards

Eventually, you will become so familiar with letting the universe draw the art for you, that you can actually think about it while it's happening

once a man realizes the secret to making a woman orgasm is blurring the lines between fantasy and rape.....

He can't get the image out of his mind
