PIZZA GATE PART 5 - BEN SWANN

In the above video, dated 7 February 2017, we see the journalist Ben Swann.

There is no truth in the rumour that Benjamin Swann is dead.

Benjamin Swann reported on **Pizza Gate**.

Swann made it clear that there was no evidence to back the theory that a top child abuse ring was operating from Comet Pizza.

Swann said on his TV programme: **"To be clear, not one single email in the Podesta emails discusses child sex trafficking or pedophilia."**

Swann then referred to emails about pizza, and suggested that these emails could involve some kind of code.

In other words, Swann tried to boost the anti-Democrat-party Pizzagate story.

Swann's own media outlet [had explicit ties](#) to the Republican Liberty Caucus.

Swann worked for [Fox affiliate WXIX-TV](#); Fox supports Trump.

While working for Fox affiliate WXIX-TV in 2012, Swann suggested on his personal YouTube channel that [Adam Lanza](#) was accompanied by another shooter.[26][27]

This sounds like disinformation, because the Sandy Hook event was most likely not carried out by Lanza, but by people working for certain security services.

It's no coincidence that anyone who believes in Pizzagate is a Trump supporter.

But it seems on forums a lot of these people are actually shills and socks. But what's the game here? Will this be used to support the Fake News purge and as an attack on free speech and press?

Alright, enough of this. 'Pizzagate' is real.

Some of the most convoluted comments regarding Pizzagate get printed here, in my opinion the most convoluted comments on your whole forum. If any of you had the wherewithal to read, simply read, any of Yoichi Shimatsu's 10 part essay series, and in this regard, the infamous 'handkerchief' email in part 3, you will quickly learn that this liaison was an influence peddling operation.

To Awaken PizzaGate - Pt 3

Not real sure any of you UNDERSTAND ANY of the issues or what we are dealing with here, but my first problem with this forum is, It's HILLARY CLINTON, the question was never whether or not she would run a child sexual abuse extortion ring the question is WHY WOULDN'T Hillary Clinton run a child sexual abuse extortion ring. It's Hillary Clinton for Christ's sake.

In order to understand the game you have to understand the players, so, let's go over the infamous 'handkerchief' email, but first we have to name the players:

The players among the Martha's Vineyard set include:

- Herb Sandler, owner of the Golden West subprime lender that caused Wachovia Bank's failure in 2008 and its merger into Wells Fargo with a \$25 billion federal bailout.

- Hans Wyss, founder of Synthes bio-engineering prosthetics producer until a court ruling on the deaths of three patients in a human experiment

- Rob Mnookin, Harvard Law School expert on foster parents, child custody and gay adoption, and director of the Earl Warren Institute (as in the Warren Commission whitewash of the Kennedy assassination). His male partner is named Dale.

- Steve Philips and his wife Susan Sandler(Herb's daughter), a CAP senior fellow and author of Brown is the New White: How the Demographic Revolution Has Created a New American Majority.

The first reference from Wikileaks collection of Podesta emails is an August 8 invitation from Sandler to Wyss for the upcoming Labor Day holiday: I will be at Martha's Vineyard, arriving August 23, departing September 2. My daughter, Susan, her husband Steve and a family friend will be with me. Will you be at the Vineyard at any time during that period, and, if so, would you like to get together?

John Podesta is the unnamed "family friend".

If just reading the players list starts dinging some red alerts off in your head then you are getting the drift.

Herb Sandler's DAUGHTER, the two Jews who caused the 80's housing bubble are COURTING a BIOROBOTICS ENGINEER!!! What? And using children to entice?

Are you people BLIND?

Oh, and Susan is actually going to declare child abuse through an email too Anon, how bright are you?

On August 11 a response came from Debbie, who emails photos of her lovely and quite normal grandchildren.

Hans later replied that he was available on the 24th and 25th. He came for the party held on the 26th.

On the day after, August 27, Rob Mnookin emailed: Thank You Dear Herb, A short note to say how much Dale and I enjoyed last night. What a stimulating evening, thanks no doubt to the Sandler rules and the fantastic company. What a pleasure to see Susan again, and meet Steve, Mary and John, and Hans.

On September 1, the day before Sandler's departure, the ex-banker, daughter Susan and John Podesta hired a realtor named Kate to drive them to inspect rental properties. They visited a large rental home "at the end of the road" on Kuffie Point, which juts into Lake Tashmoo, along with considering other houses located by a park, facing the yacht club and at Stonewall Beach, all with minimal neighbors and out of hearing range of public places. Why seek out such isolated places?

(Note: Lake Tashmoo is on the island of Martha's Vineyard, ALL of these islands off the Atlantic coast all the way up and down the coast to the British Virgin Islands are ELITE HAVENS FOR PEDOPHILE ACTIVITIES AND

MK-ULTRA CONDITIONING.)

To be continued...

At around 4 p.m., the realtor dropped the trio off at the "Field house", probably one of the larger rentals on Field Club Drive. The guest list for the end-of-summer party is not mentioned. On happy ending is that ever since the morning-after email exchange, savvy Kate was suddenly able to open her own interiors business instead of flogging rentals.

From Kate. Tuesday, September 02, 2014 10:04 AM To: Sandler, Susan Cc: Sandler, Herbert Subject: You left something at the Field house Susan & Herb I just came from checking the Field house and I have a square cloth handkerchief (white w/ black) that was left on the kitchen island. Happy to send it via the mail if you let me know where I should send it. I also meant to inquire yesterday about the pillows you purchased. I can send them as well, if you let me know where they are in the house. Safe travels to all Kate

Question: How really difficult is it to find pillows in a sparsely decorated vacation rental?

Susan immediately emails John Podesta, adding the extra code word "pizza": Hi John, The realtor found a handkerchief (I think it has a map that seems pizza-related. Is it yours? They can send it if you want. I know you're busy, so feel free not to respond if it's not yours or you don't want it. Susaner

Why the big fuss over a handkerchief? How can a handkerchief be pizza-related? Why is the handkerchief on the kitchen island counter if the party-goers were slicing pizza on it? Are napkins or paper towels not included in a luxury resort home? And as one visitor to VOAT put it: Who still uses a handkerchief in this day and age?

The answers come from the same code used at Comet Pizza back in Chevy Chase, but it seems MOST of the general public wants to remain aloof about these ominous pizza related designations...

Ah well, hey, I tried. Like the Hampstead Children's case, there's something huge going on but it's all just too vague and horrifying for anyone to really put their finger on it or devote any part of their mind to it because of the cognitive dissonance that it produces. I understand.

Avoid the emotional approach.

Look for concrete evidence.

In the case of Hampstead or the Franklin Affair or the Dutroux affair there were actual witnesses.

The emails contain no concrete evidence.

Pizza may refer to Underage teen girl, or it may not.

Wikileaks is not to be trusted.

Anonymous 23 February 2017 at 06:39

The emails contain no 'concrete' evidence.

No, but they do contain loads of code words widely accepted to refer to pedophilia.

So if an email exchange talking about 'nose candy, blow, snow or bolivian marching powder' does not use the word cocaine does it matter?

Any reasonable person would look at CONTEXT to determine what the meaning is.

In the case of pizza gate the context leads to the conclusion that child abuse is the topic of discussion.

Avoid the emotional approach and think!

Anon 23 February 2017 at 08:28

The emails do not contain loads of code words widely accepted as referring to pedophilia.

The people promoting Pizzagate suggest that the colours on the map showing how to get to the pizza restaurant relate to a handkerchief code used by certain gay people.

But, the wikipedia handkerchief code, used by the Pizzagate promoters, has been photoshopped so as to add the 'white' = 'pedo' category.

Learn to recognise the work of the people like Roger Stone.

Anonymous 24 February 2017 at 00:03

Why is it so impossible to believe that a list of code words can't be amended as a matter of natural course versus the conspiracy you are suggesting? The only premise anyone EVER had that Stone had a hand in this came from some rumor that he had ADVANCED WARNING that it would be leaked, not that he had any hand in compiling and mocking the whole thing together. I believe Stone would want to stay as far away from any allegations of child abuse, opposition or not, BECAUSE of his close ties with Roy Cohn, which would only throw the wrong shade toward Trump. I'm not sure everybody's thinking these popular alternative news theories through when they might be the implanted limited hangout themselves.

Heads up to all here, this akhaldansolo poster was outed and then admitted to using sock puppets to appear as though he had support for his positions, intentionally misleading readers. He is not to be trusted. This was on a forum with the initials LOP.

He is a potential counsellor skill. Don't believe what he says, not his emotional approach. Additionally, be cautious in accepting what appear to be genuine exchanges between him and anyone else, as he has been caught and admitted to using sock puppets. Know your enemy.

The massive problem of politicians being part of child abuse rings is a world wide issue, as we all know.

The scum who are directing the pizza gate psy-op are using it to make people believe that ALL accusations of child abuse are false. Attempting to link anyone who has concerns about child abuse by politicians to idiot Trump supporters is effective.....which is why the scumbags are doing it.

The Comet Pizza Ritual Discussion

Published on 19 Feb 2017 This report shows and discusses the ritual pentagram point/location that was created, when the shooter, Edgar Maddison Welch, was arrested for his criminal involvement in discharging a weapon at the Comet Ping Pong Pizza business, owned by James Alefantis, on 12-04-2016. The intersection where the arrest took place, physically marks the ritual pentagram location, that will be shown to be factually linked to the Washington, DC, White House Pentagram, by means of Connecticut Ave, that connects both locations in a ritual manner. This report will also address recent pizza gate reports that I feel are misleading the public with regard to current and ongoing pedophilia investigations and or arrests, being reported in media sources.
